

The Great Pumpkin Race

Rules and Tips

- All ages welcome!
- Must be at race track (located by office building behind bear exhibit) and ready to race by 1:00pm on Saturday, October 3rd
- Make sure your pumpkin is “street legal”:
 - Race pumpkin must be a **real** pumpkin! Any gourds, squash, watermelon, or any other fruits and vegetables masquerading as pumpkins will be disqualified.
- Pumpkin can be any size and decorated as you wish.
- Pumpkin can have any number of wheels, just no motorized parts.
- Race Pumpkin must be no wider than 22 inches.

Tips:

- The biggest and heaviest pumpkin doesn't necessarily make it the fastest.
- Make sure all the wheels are parallel and spin freely.
- Make sure your race pumpkin has enough ground clearance. Any parts dragging on the ground will surely slow your racer down!
- **HAVE FUN!** Even if you don't have the fastest pumpkin, you can still win a prize for the most crazy and stylish pumpkin!
